Dear Good and Gracious and Generous Supporters—Our GGG's!!!,

Once again, our pantry was full for 365 days because of you. But not just that! This year we were able to have a much steadier supply of cheese and eggs and sometimes boxed milk!

Thank you so much!
You feed hundreds of families!
It's time to supply the shelves for another 365 days through our initiative THANKSGIVING 365!

Rod Radle works quickly to fill bags with groceries for those who come for food.

We know that you know that the price of food has risen immensely. We know we have many more people coming to get help from our EMERGENCY FOOD PANTRY! So, we know we must set the goal of **Thanksgiving 365** higher in order to keep the pantry stocked for 365 days.

This year's goal---this year's NEED—is to raise $50,000 for the pantry.
Money raised over that goal will go to children's programs.

ON NOVEMBER 9, at 10:00 am, a group of volunteers at Inner City will begin a fast until we raise enough money to keep the pantry shelves filled with food for 365 days. **We want to raise $50,000** by November 19—a week before Thanksgiving.. On Nov. 9th, fasters will have a "last breakfast" at 9:30 am and then begin the fast with a press conference. **You will help us make the goal by donating in the enclosed envelope or online through our website or by joining us in the fast! You design your own fast—one that puts you in touch with the people who are hungry. Call Inner City at (210) 224-7239 if you want to join the fast.**

Lunches for children in the summer program. Most days we serve over 90 lunches for this 7-week program.

Sack lunches for our unhoused neighbors. Most months we now serve over 1,000 lunches
